**nut, nuts** [nʌt] (Nomen)

*Definition:* a hard-shelled seed

*Übersetzung:* Nuss

*Beispiel:* Sometimes I put nuts into my salad.

---

**walnut, walnuts** [ˈwɔlnʌt] (Nomen)

*Definition:* nuts that grow within a brown, outer husk

*Übersetzung:* Walnuss

*Beispiel:* Do you like walnuts?

---

**hazelnut, hazelnuts** [ˈheɪzəlnʌt] (Nomen)

*Definition:* a cob that is roughly spherical to oval, about 15–25 mm long and 10–15 mm in diameter, with an outer fibrous husk surrounding a smooth shell

*Übersetzung:* Haselnuss

*Beispiel:* How about some walnuts or hazelnuts?

---

**peanut, peanuts** [ˈpiː.nʌt] (Nomen)

*Definition:* a legume resembling a nut in a wrinkled shell, popularly eaten salted

*Übersetzung:* Erdnuss
Beispiel: I want peanut butter on my sandwich!

**chestnut, chestnuts** ['tʃes.nʌt]
*(Nomen)*

Definition: a fruit that is contained in a spiny (very sharp) cupule 5–11 cm in diameter which is often paired or clustered on the branch and contains one to seven nuts

Übersetzung: Kastanie

Beispiel: Let's go and collect some chestnuts!

**shell, shells** [ʃel]
*(Nomen)*

Definition: the hard external covering of something, of a nut or an egg for example

Übersetzung: Hülse

Beispiel: Can you get the hazelnut out of its shell?
