**spring, springs**  [sprɪŋ]

(Nomen)

*Definition:* traditionally the first of the four seasons of the year in temperate regions, in which plants spring from the ground and trees come into blossom, following winter and preceding summer

*Übersetzung:* Frühling

*Beispiel:* The woman's birthday is in spring.

**summer, summers**  [ˈsʌmə(ɹ)]

(Nomen)

*Definition:* one of four seasons, traditionally the second, marked by the longest and typically hottest days of the year due to the inclination of the Earth

*Übersetzung:* Sommer

*Beispiel:* They like to go to the beach in summer.

**autumn, autumns**  [ˈɔː.təm]

(Nomen)

*Definition:* traditionally the third of the four seasons, when deciduous trees lose their leaves

*Übersetzung:* Herbst

*Beispiel:* Autumn is a very colourful season.

*Synonym(e):* fall (AE)
winter, winters  ['wɪntə]  

(Nomen)  

Definition:  it is the time when the sun is lowest in the sky, resulting in short days and the time of year with the lowest atmospheric temperatures for the region  

Übersetzung:  Winter  

Beispiel:  She loves it when it snows in winter.
